PRODUCT DETAILS

- Price range: \$101,000-above
- Horizontal Multi-Panel
- Residential/Commercial
- Color-Changing LED
- Stainless Steel Frame
- Encapsulated Wall Blu-Guard™

DESCRIPTION

This beautiful water feature project was installed on the rooftop of Alexan Waterloo, a 30-story luxury apartment building. We manufactured and installed three Horizontal Multi-Panel Water features. They were designed with clear glass color-changing LED's, and a classic yet durable stainless steel frame. Paired with a unique swimming pool designed by Fun N Sun Aquatic Construction & Design, our water features create a serene surround of water for the residents.

LOCATION: Austin, TX
